

National Alliance for Care at Home

Your **new home** to engage with the leading authority in transforming care in the home.

1 LEAD

- **Stay Informed** – Members have the latest news at their fingertips. From breaking regulatory news to in-depth analysis, the Alliance filters out the noise so members have the essential information to lead their programs.
- **Expert Guidance** – Need help figuring out a question or implementing a program? Alliance experts are just an email away.
- **Stay Competitive** – Through webinars, online education, and conferences the Alliance keeps leaders ahead of the trends that will affect their organizations.

2 ELEVATE

- **Answer a Question** – Helping other members solve a problem via online communities is a great way to demonstrate your expertise to a national audience.
- **Get Solutions and Insights** – The Alliance's Regulatory, Quality, and Palliative Care Teams host monthly office hours to troubleshoot challenges, share new ideas, and network.
- **Thought Leadership** – Step onto the stage (or screen) to share innovations and successes. Whether at a national conference or community-led webinar, you have opportunities to help others grow while elevating your organization's profile.

3 INFLUENCE

- **Local Experts** – Alliance members are the trusted local experts lawmakers seek out on community-based policy issues.

- **Add Your Voice** – Member input is essential to advancing the policy process and being the authoritative voice for transforming care in the home. Members participate through listening sessions, online forums, and surveys.

4 SERVE

- **Committees and Councils** – In addition to giving back to the community, serving on a committee or council opens the door to national leadership. From policy to professional development, from discipline-based to issue-focused, there is an opportunity for you.
- **Mentoring Program** – Members support the community by providing experienced industry leaders the opportunity to mentor rising or new professionals.

5 COLLABORATE

- **Connect In Person** – Learn, collaborate, and refresh with colleagues at NAHC-NHPCO Alliance's conferences.
- **Connect Online** – Participate in members-only online discussions, demonstrate your expertise by responding to discussion posts, and share templates and resources via online libraries.

6 SHARE

- **Empower Your Workforce** – Involve your entire staff in membership. Alliance programs and resources cater to everyone from the CEO to the CNA. Sharing membership across the team demonstrates your commitment to their professional development.
